

Monday 4th May

Good Morning Class 5!

Happy Star Wars day and welcome to another week of School@Home. Did you see **LEARNERS OF THE WEEK – LIVE!** on Friday? It was such fun to do and so difficult to choose Learner of the Week from our class. Well done to Oliver, Charlie F-C, Mia & Georgina. The marble run videos & photos have been incredible – I hope you have seen this morning's vlog! See below for your Monday activities:

PE

I have heard that poor Joe Wicks had to have an operation on his hand but I believe his daily workout is still on today, with his wife leading it!

Spelling

Today it is your dictation on the **homophones** which we focused on last week. As usual, ask somebody at home to test you (the dictation is on Classroom). Then look through the slides for your new spellings.

Maths No Problem – Chapter 11 Lesson 1

Time to start another new chapter today – on **measurements**. All of the slides for this lesson are on Classroom. You should work through these (including the guided practice), then do the worksheet for this lesson in your usual book.

Reading

I will be recording the final chapters of 'Simply the Quest' this week, but they are not quite ready yet, so please choose your own reading book today.

English

Thank you for your hard work on the 'Cloud Tea Monkeys' innovations last week. As some of you deviated quite a bit from the model text and wrote inventions, I have decided that we will start a brand new unit today.

We are using a T4W resource called 'The Game'. Today, please do **up to page 7 (half-way down)**, which is basically reading the text and making some predictions. You can also use the link to listen to the story. I hope you enjoy it!

Heartsmart

In this morning's vlog, Mr Ruffle and I spoke about the Heartsmart value **'No Way Through Isn't True!'**. Look at the slides and videos posted to Classroom and have a go at researching one of the famous people.

Have a great day!

Mr Croutear
