

Thursday 18th June

Good Morning Class 5!

How is your week going? It's Thursday and that means that Learners of the Week – LIVE! is only a day away. I have finished reading all of the English work from last week – so if you submitted work via Classroom have a look at your feedback from me.

Here is today's work:

Spelling

Please spend a few minutes going over your 8 spelling words for this week, as usual there will be a dictation to do on Monday.

Maths No Problem – Chapter 12 Lesson 12 (consolidation)

It is the FINAL lesson of Chapter 12 today. I hope you are all feeling a lot more confident with area and perimeter now. Have a look at the Mind Workout on the 3rd slide and have a good think about it – don't peek at the answer until you've had a go! Then there is the Mind Workout from your workbook to do. The journaling task needs to be done thoroughly with a full explanation – it would be great to see it as a Google Doc so I really know that you understand.

English

Please do **pages 10-13** of your Talk4Writing booklet today, in which you are exploring some of the tricky vocabulary from the model text.

Reading

The next chapter of '*Evie & the Animals*' is ready!

Afternoon – catch up

Please ensure that all of your 'afternoon' work (Amalfi Coast, French, art) is done. If you need something else to do, use the Internet to explore some other famous coastlines from around the world. We will be learning about a new one next week.

Have a great day!

Mr Croutear
