

## **Thursday 9th July**

Good Morning Class 5!

The weather has taken a turn but the warm days are set to return next week for the FINAL week of term, when many of you will get to come back to school for a special meet up. I have been busy finalising your reports and getting your books ready and am really looking forward to Tuesday.

### **Maths No Problem – Chapter 15 Lesson 2**

Even though we only started it yesterday, today is the last 'normal' lesson on Roman Numerals, before the consolidation tomorrow.

### **Reading**

The next chapters of 'Evie & the Animals' are online. We are getting near to the end!

### **English**

Please do **pages 22-23** of your booklet, in which you will be planning your poetry. It's been a real mix of genres in this unit, with persuasive writing, newspaper reports and now poetry!

### **Arts Week – Investigate the Artworks**

Hopefully you found it interesting looking at the contemporary artwork yesterday – sometimes modern art can seem a bit 'strange'. Within the same assignment there are slides called 'Create your own', which suggests ideas for your own piece of modern art, based on the examples you have seen.

Of course, you may want to use Mrs Clapcott's video for some more inspiration to create amazing art!

Have a great day!

Mr Croutear
