SEND provision at The Priory CE Primary School.

The Priory CE VA Primary school is a mainstream one form entry Church of England school that caters for children from years R to 6. We offer a caring, nurturing and inclusive environment. Our school motto is "Learning Together, Aiming High" and our core values are love, forgiveness, aspiration and respect. Our education setting has an Inclusion Team comprising of the Inclusion Leader, one ELSA, a part time administrative assistant, and TAs deployed according to need. One Assistant Headteacher has responsibility for behaviour and the other for mental health and wellbeing. We also have a dyslexic teacher expert. We are part of a teaching alliance with Linwood special school.

We offer wheelchair access.

We have a very good liaison with external agencies.

Our provision for pupils with SEND has included supporting children with needs in all categories of SEND:

Our school currently provides additional and/or different provision for a range of needs, including:

- Communication and interaction, for example, autistic spectrum disorder, Asperger's Syndrome, speech and language difficulties, in both receptive and expressive language skills
- Cognition and learning, for example, dyslexia, dyspraxia,
- Social, emotional and mental health difficulties, for example, attention deficit hyperactivity disorder (ADHD),
- Sensory and/or physical needs, for example, hearing impairments, processing difficulties, sensory difficulties, diabetes.
- Moderate/severe/profound and multiple learning difficulties, for example Downs syndrome, Global Delay

Many of our SEND children have a combination of these difficulties.

Identification and assessment of pupils with special educational needs.

Our teachers are responsible and accountable for the development and progress of the pupils in their class.

We will assess each pupil's current skills and levels of attainment on entry, which will build on previous settings and Key Stages, and information provided by parents / carers, where appropriate. Class teachers will make regular assessments of progress for all pupils and identify those whose progress:

- Is significantly slower than that of their peers starting from the same baseline
- Fails to match or better the child's previous rate of progress
- Fails to close the attainment gap between the child and their peers
- Widens the attainment gap

attainment, for This may include progress in areas other than example, social needs.

Slow progress and low attainment will not automatically mean a pupil is recorded as having SEN.

Quality First teaching, with support for individual pupils, is the first step in responding to pupils who may or may not have learning needs. This might include:

- differentiating and adapting work for pupils who need this.
- providing 'dynamic interventions' for difficulties recognised in the lesson and then revisited in a small group with an adult.
- pre-teaching new concepts before they are taught in the lesson.
- providing visual and concrete resources.

Class teachers and the Senior Leadership Team closely monitor the progress of all pupils in the school and meet regularly to discuss attainment and achievement.

There are also weekly opportunities to raise concerns about individual pupils through staff meetings.

Meetings are held with the SEN Governor. This is an opportunity to ensure that we are meeting the changing needs of all pupils.

If a pupil continues to struggle with the curriculum despite the above support, we will consider whether they have a special educational need. To do this we may conduct further observations and assessments and have discussions involving the class teacher, SENCO, parents and the pupil.

SEN Support

If it is decided that a pupil requires special educational provision (provision that is additional to and different from that which is available to other pupils at the school) they will be added to the SEN register under the category of SEN Support. Parents will be invited to school to discuss an Individual Learning Plan or Behaviour Support Plan for their child, which will state the targets that are tailored to individual need and the support that will be provided to meet these. The views of the pupil are also sought.

The provision given at SEN Support will be individual to each child, according to their SEN but it could include:

- a special learning programme, individually or in a small focus group
- extra support from a teacher or teaching assistant
- working in a small group or help to take part in class activities
- a pastoral intervention from our ELSA, either individually or as a small group
- a referral to outside agencies for their assessment and advice. Agencies include: Speech and Language Therapy, Paediatrician, CAMHS, Early Help, Educational Psychologist, Outreach support from specialist schools. The SENCO is responsible for co-ordinating these referrals.
- specialist teaching.

The IEP is reviewed by the teacher with parents and the pupil. The review informs the process of the "assess, plan, do, review" cycle detailed in the SEND code of practice: 0 to 25 (July 2014).

EHCP

The Priory CE VA Primary School will support most pupils with SEN at SEN Support. However, some pupils with more severe, complex and long term SEN may need an Education, Health & Care (EHC) Plan, especially if they have not made progress at SEN Support. If we feel this is the case, we will

discuss this with parents. Parents can also contact the SENCO if they feel their child might need an EHC Plan. EHC Plans are issued by the Local Authority following an education, health and care (EHC) needs assessment. The Priory CE VA Primary School will work with parents and other services to request an EHC needs assessment where it is felt this will be beneficial.

Coming off the SEN register.

A pupil will be removed from the SEN register if it is decided that they have made sufficient progress and are able to access the curriculum successfully. However, they will continue to be monitored in case any issues arise. Following the Annual Review of the EHCP, the Local Authority will decide whether to keep the EHC Plan as it is, amend it or cease it, based on the recommendation of the Review Meeting. The pupil will continue to be monitored using the school's tracking systems.

The school follows the graduated response detailed in the SEND Code of Practice.

Last year the SENCO made 2 referrals for EHCPs

- 1 referral to SENSS (Special Educational Needs Support Service)
- 2 requests for Outreach support
- 4 referrals to Speech and Language service
- 2 referrals to the paediatrician
- 1 referral to MOSAIC (bereavement)
- 1 referral to Occupational Therapy

Support or advice was given by all agencies.

We also benefit from working closely with the Family Partnership Zone, who signpost support for children and their families and hold a termly Team Around The School meeting with other professionals to discuss how we can support individual children.

How we consult with parents of pupils with special educational needs and involve them in the education of their child.

We will have an early discussion with the pupil and their parents when identifying whether they need special educational provision. These conversations will make sure that:

- Everyone develops a good understanding of the pupil's areas of strength and difficulty
- We take into account the parents' and pupil's concerns
- Everyone understands the agreed outcomes sought for the child
- Everyone is clear on what the next steps are

We will notify parents when it is decided that a pupil will receive SEN support. Children with SEN are given an Individual Education Plan (IEP) which is written by the teacher in consultation with the child and parents. The IEP is reviewed by the teacher with parents and the pupil. The review informs the process of the "assess, plan, do, review" cycle detailed in the SEND code of practice: 0 to 25 (July 2014).

Parents can email, telephone the office or write in a liaison book in the foyer (this last is suspended due to COVID) if they wish to make an appointment to see the class teacher or SENCO.

Some pupils also have a home-school liaison book or ipad which is filled in daily.

Other ways that the school endeavours to involve parents include parent workshops, open evenings, annual reports, work exhibitions, the Priory Twitter account and newsletters. Each class also has a weekly blog so that parents are kept involved with what their child is learning in their class.

During Lockdown, the SENCO and class teachers telephoned pupils with SEND weekly.

How we consult with pupils with special educational needs and involve them in their education.

Children with SEN have an Individual Education Plan (IEP) or Behaviour Support Plan which is written by the teacher in consultation with the pupil, parents and SENCO if appropriate. The IEP begins by giving a brief profile of the pupil, their interests and what they find challenging. This is written alongside the pupil. The IEP outlines approaches which the pupil engages with in order to ensure that they are taught in a way that they learn best. Teacher pupil teacher conferencing allows pupils to evaluate provision made for them and gives an opportunity for them to say what will help them in the future. Pupils are encouraged to

set their own target on their IEP. Pupils are encouraged and supported to give their views for annual reviews when they have an EHCP. They are also involved in the request for EHCP assessment through the questionnaires.

Pupils with medical conditions or intimate care needs are always consulted, as are their parents, as to any arrangements that are put in place for them.

Our approach to teaching pupils with SEN.

High quality teaching is our first step in responding to pupils who have SEN. This will be differentiated for individual pupils. We are an inclusive school and, as such, encourage teachers to plan for children to remain in class as much as possible.

When a child has an identified SEN the teacher may deploy themselves or the class teaching assistant to support the child's understanding and access in a lesson. This enables children with SEN to learn alongside their peers. Pupils could receive interventions either 1:1 or in small groups with a teacher or teaching assistant.

We also provide the following interventions:

- Dynamic interventions provide additional support for pupils who have found English or Maths covered in the morning difficult or may pre-teach areas to be covered the following day. Pupils could receive intervention either 1:1 or in small groups with a teacher or teaching assistant.
- Priory CE VA Primary school employs an ELSA (Emotional Literacy Support Assistant) who supports pupils with social, emotional and mental needs. Our ELSA can support pupils individually or in a small group. Examples of support offered in the past year include bereavement, friendship, self-esteem, resilience and anxiety. Other ways of supporting these pupils include PSHE lessons and social skills groups. ELSA support for individuals can be requested by parents, pupils or members of staff and accessed by completing an initial concern form to decide the best support to offer.
- We have an Active Group in the mornings. Pupils exercise for 15 minutes before school learning in the morning in order for them to focus more effectively and be ready to learn.
- We also benefit from the advice from other external agencies, for example SALT, Outreach, Educational Psychologist and implement strategies suggested.

Adaptions made to the curriculum and learning environment for pupils with SEN.

We make the following adaptations to ensure all pupils' needs are met:

- Differentiating our curriculum to ensure all pupils are able to access it, for example, by grouping, 1:1 work, teaching style, content of the lesson, careful consideration to seating arrangements.
- Differentiating our resources, such as using visual and practical resources, using larger fonts or a different coloured paper for worksheets. Resources such as coloured overlays and reading rulers, pencil grips, ICT programmes, mindmapping, sensory boxes and visual timetables have all been used to enable children with SEND to access learning in an inclusive environment. Additional support for learning includes meet and greet, individual workstations, use of social stories to introduce new situations or moving to a new class or school.
- Adapting our staffing.
- Differentiating our teaching, for example, giving longer processing times, pre-teaching of key vocabulary, reading instructions aloud, using simple, clear language and breaking down activities into smaller and achievable chunks etc.
- The Priory CE Primary school has a 'Hub'. This is a space where interventions may take place and it is equipped with black out blinds and sensory equipment such as an interactive infinity light

tunnel, fibre-optic carpet space and projector with sensory discs to support pupils with sensory needs.

The school has an Accessibility Plan that is monitored, reviewed and reported upon annually to the Governing Body in compliance with legal requirements. The school has a range of specialist SEND facilities in place.

- wheelchair access
- accessible toilets with handrail.
- all weather sports area
- markings to assist pupils and adults with visual impairment.

Please also see Supporting Pupils with Medical Needs Policy.

Additional support for learning

We have 12 teaching assistants (full and part time).

Teaching assistants will support pupils on a 1:1 basis when there is a specific programme provided by external professionals to follow up, where individual need is differentiated to a very different level, where precision teaching takes place, individually hearing reading, or for emotional and social support.

We work with the following agencies to provide support for pupils with SEN: Speech and Language Therapy, Paediatrician, CAMHS, Early Help, Educational Psychologist, Outreach support from specialist schools, Team Around The School (termly meetings with various professionals) and Family Partnership Zone (provide support for families).

Support for improving emotional and social development.

We provide support for pupils to improve their emotional and social development in the following ways:

- Our qualified ELSA is employed to support individuals and groups of children on a wide range of social and emotional issues.
- Pupil teacher conferencing, listening to the views of children.
- PSHE (Jigsaw) and Heartsmart whole school programmes.
- Pupils are encouraged to have roles of responsibility.
- We have a zero tolerance approach to bullying.

Arrangements for assessing and reviewing pupils' progress towards outcomes.

We will follow the graduated approach and the four-part cycle of **assess, plan, do, review**.

The class or subject teacher will work with the SENCO to carry out a clear analysis of the pupil's needs.

This will draw on:

- The teacher's assessment and experience of the pupil
- Their previous progress and attainment and behaviour
- Other teachers' assessments, where relevant
- The individual's development in comparison to their peers and national data
- The views and experience of parents
- The pupil's own views
- Advice from external support services, if relevant

The assessment will be reviewed regularly.

All teachers and support staff who work with the pupil will be made aware of their needs, the outcomes sought, the support provided, and any teaching strategies or approaches that are required. We will regularly review the effectiveness of the support and interventions and their impact on the pupil's progress.

1. **Assess** – as already outlined above, we assess the pupil's needs; listening to the views of the pupil and their parents, and other professionals as we do so.
2. **Plan** - the teacher and our SENCO will plan the support needed, involving the pupil and their parents. A review date will be agreed. It is the responsibility of the class teacher to update the Individual Learning Plan. This is overseen by the SENCO.
3. **Do** – our SENCO will help the class teacher to support the pupil. They will think about the

pupil's strengths and weaknesses and how best to help them. The teacher will also work with any teaching assistants or specialist staff involved

4. **Review** – everyone, including the pupil and their parents will decide how effective the support has been. Parents will be invited in to school by the class teacher to discuss this and we will then adapt the support in light of the pupil's progress.

This will be at least 6 monthly or more frequently if needed. The SENCO will also attend any of these meetings if required.

Additionally, pupils with EHC Plans have an Annual Review held at the school, each year. The pupil, their parents and any relevant professionals are invited to this. Annual Reviews at The Priory CE VA Primary School are person centred and focus on the pupil's progress. They also:

- consider whether the outcomes in the EHC Plan are still appropriate
- review the special educational provision in place
- review any health or social care provision currently in place
- consider whether the EHC plan is still needed.

Transfer arrangements to a new school or a new class.

The Priory CE VA Primary School is committed to ensuring that parents have confidence in the arrangements for pupils entering the school, progressing through year groups and when transferring to their next school.

Before pupils start in Reception, they are visited at home by the Reception teacher (who is also the SENCO) and TA. The pupils attend for one session in the Summer term where they will be given the opportunity to meet their new teacher, teaching assistant(s) and become more familiar with the setting. Parents are invited in June to an information evening with the Headteacher and Reception teacher where routines of the school day will be explained. There are always opportunities for parents to ask any questions they may have.

When joining our school from another school or pre-school setting, the class teacher and Inclusion Leader will ensure they have read the pupil's file and any reports from the previous setting and will discuss the pupil's needs with the previous school or setting. Visits to the pre-school will be made as necessary. They will also liaise with parents to ensure the transfer to the school is as smooth as possible. Some pupils will require additional transition arrangements when joining The Priory and when moving up a year within the school. Additional visits to the classroom may be arranged and a social story made up for the pupil to take home over the summer to share with parents/carers.

In Year 6 the SENCO and class teacher will discuss the specific needs of your child with the SENCO of the pupil's secondary school. Pupils can participate in a transition programme with our feeder Secondary school, relating to various aspects of transition, to support their understanding of the changes ahead. Teachers and teaching assistants from our cluster secondary schools also visit Year 6 pupils and begin to build relationships.

Examples of provision we put in place to ensure a smooth transition and to support our children when they are moving school include things such as extra class visits, social stories, taking photographs of the new staff and making transition books.

The children's confidential files are forwarded to the new school setting. The files contain educational information about the child which supports a smooth transition for the child as well as a continuous education from one school to another.

Expertise and training of staff.

At The Priory, we have a team around the children.

Our SENCO has over 25 years' experience in this role and leads on provision for children with SEND.

Our Assistant Headteachers lead on mental health and behaviour and Miss Niamh Deay is our Dyslexic teacher expert, currently undertaking a qualification in this.

We use specialist staff for speech and language therapy, and for advice and support in managing individual needs. We are also part of a teaching alliance with Linwood and Springwood specialist schools.

We encourage our staff to take an interest in CPD opportunities which relate to SEND. Training needs are identified through analysis of need with the SENCO and senior leadership team ensuring that training opportunities match school priorities and pupils needs. The SENCO will also provide information on specific special educational needs for new staff.

Additional training may also be arranged to support pupils with specific medical needs and will be arranged with relevant medical professionals.

Over the past year, staff have received training in:

- Talk4Writing
- AET– Tier 2 (whole school)
- Phonics (TAs)
- PEIC D (1:1 TA)
- One member of staff is completing a Dyslexia qualification
- Safeguarding – LA provider (whole school)
- Diabetes – Diabetes nurse
- EpiPen training
- ELSA ongoing training and supervision sessions with the Educational Psychologist. They also attend meetings for pastoral care workers.

The SENCO attends termly Inclusion Briefing Learning Network meetings and SEN Leadership meetings half-termly and is aware of local and national developments.

Equipment and facilities that support pupils with special educational needs.

The Priory CE Primary school has a 'Hub'. This is a space where interventions may take place and it will also be equipped with black out blinds and sensory equipment such as an interactive infinity light tunnel, fibre-optic carpet space and projector with sensory discs to support pupils with sensory needs.

The school has an Accessibility Plan that is monitored, reviewed and reported upon annually to the Governing Body in compliance with legal requirements. The school has a range of specialist SEND facilities in place.

- wheelchair access
- accessible toilets with handrail.
- all weather sports area
- markings to assist pupils and adults with visual impairment.

Please also see Supporting Pupils with Medical Needs Policy.

How the effectiveness of the provision made for pupils with SEN is evaluated.

We evaluate the effectiveness of provision for pupils with SEN by:

- Feedback from our pupils, parents and professionals working with the school. This is carried out through termly reviews of Individual Learning Plans, Support Plans, Annual Reviews of EHCPs and pupil teacher conferencing. This helps to inform our future provision.
- Analysis of lesson planning and pupil books to take account of differentiation and progress.
- Progress data, including use the school's tracking system and comparative national data to monitor the level and rate of progress for pupils with SEN and disabilities
- Success towards outcomes included on SEN Support and EHC Plans
- External evaluations or inspections
- Regular Pupil Progress meetings between the class teacher and SLT.
- Meetings between the SENCO and SEN Governor at least termly.
- Learning walks – SLT, SEN Governor
- Reviewing the impact of interventions.
- Monitoring by the SENCO
- SENCO organises an annual staff questionnaire which helps to identify what went well and how we can improve our provision.

- Our School Improvement Plan

How pupils with SEN are enabled to engage in activities available with those in the school who do not have SEN.

The Priory Primary School wants everyone within our school to feel welcome, valued and included in the school community. We are committed to providing a fully accessible environment to enable this to happen.

Our pupils are provided with high quality learning opportunities so that each child achieves all that they can. We want all our pupils to feel confident and have a positive view of themselves.

We want our pupils with a disability to access all elements of school life, including school clubs, activities and trips. We recognise that we may have to adapt to make this happen.

Working with other agencies.

The school values a multi-agency approach to supporting pupils with SEND as we believe that this promotes the best outcomes for these pupils. We currently work closely with speech and language therapists, CAMHS (Child and Mental Health Service), GP referral service and Outreach service.

The school works closely with the Family Partnership Zone in Dorset with the aim of early identification and support to families experiencing difficulties. This includes families of pupils with SEND.

The school is part of a teaching alliance, which gives support and training for teachers in a wide range of special educational needs.

The school has termly Team Around the School meetings, comprised of a number of professionals who discuss children of concern.

Contact details of the SENCO

Mrs Jenny Sibbald is the SENCO and as such has responsibility for coordinating the support and provision for children identified as SEN and those with a Disability. She has over 25 years' experience as a SENCO and has been a SENCO Champion in Dorset.

Mrs Jenny Sibbald is also the designated teacher for Looked After Children.

Mrs Jenny Sibbald can be contacted by arranging a face to face meeting via the office, by email through the office address or by telephoning the school.

Email: office@prioryceprimary.co.uk

Telephone: 01202 484105

Concerns or complaints.

It is hoped that all situations of concern can be resolved quickly through discussion and early action. If at any point a parent has concerns about how their child's needs are being met, they should contact the class teacher in the first instance. However, if a parent feels that their concern or complaint has not been dealt with satisfactorily, an appointment can be made to speak with the SENCO.

Mrs Jenny Sibbald is the SENCO and can be contacted by arranging a face to face meeting via the office, by email through the office address or by telephoning the school.

Email: office@prioryceprimary.co.uk

Telephone: 01202 484105

If the concern remains unresolved, the Headteacher, Mr Paul Ruffle, can be contacted on the contact details above.

If after speaking with the Headteacher, concerns remain, the SEN Governor, Mr Jamie Ward, can be contacted on the contact details above.

Further details can be found within our Complaints Policy which is available on our website.

Contact details of support services for parents of pupils with SEN.

Links are detailed in the SEND section of our school website.

Where the Local Authority's local offer is published.

The SEND Local Offer provides information and guidance on local services and activities for children and young people aged 0-25 with Special Educational Needs and Disabilities (SEND). The Local Offer

is published on the BCP website <https://www.bournemouth.gov.uk/childreducation/send-and-local-offer/special-educational-needs-and-disability-local-offer.aspx>

Admissions

The governors will admit any pupil whose final statement of special educational needs names the school. Where possible such children will be admitted within the PAN.
Please refer to the Admissions and Equality Policies.

Facilities provided and steps taken to support disabled pupils.

We are committed to taking positive action in the spirit of the Equality Act 2010, by removing disadvantage faced by pupils with a disability and eliminating discrimination.

The Priory Primary School supports access for disabled pupils by:

- providing flat or ramped access to all key school entrances;
- providing an accessible toilet and changing facilities;
- ensuring that there is good lighting throughout school, making use of natural light where possible and reducing glare through the use of roller blinds in the hallway and classrooms;
- removing and fixing of potential trip hazards and keeping all floor spaces uncluttered;
- providing fabric blinds, curtains, carpets and rubber seals to doors to improve sound quality;
- ensuring data projectors, plumbing and heating are regularly serviced and not too noisy wherever possible.

Information

The Priory Primary School makes written information more accessible to disabled pupils through:

- modifying written information so that this is available in large print for pupils with a visual impairment;
- adhering to guidelines from specialists (such as the Hearing and Vision Support Services) regarding the presentation of all written information, paying attention to layout and colour;
- using social stories and picture symbols to explain school rules for pupils who benefit from this.

Please also refer to our Admissions Policy and Accessibility Plan, which can be found on the school website.
